GRAND OPENING....

Defeat Denial
It isn't just like being there....
It's being there....

Johnny knew $CAMH was ROTTEN. They adhered to a strictly medical model of so-called mental illness to the exclusion of MAD people, and most mentally ill people, who deluded themselves they'd GET OVER IT when NO ONE EVER GOT OVER ANYTHING LEAST OF ALL MADNESS....

Concentrating on the MEDICAL MODEL, invoking some yet-to-be-discovered CURE, helped justify research and SELLING DRUGS, making $CAMH's NONE OF IT'S KIND HOSPITAL the biggest DRUG STORE of the biggest PUSHER on THING STREET.

DEANE resembled a boy-scout who'd just discovered COCAINE. Clean-cut, freshly wasted. His taste ran to short-shorts and bright Hawaiian shirts unbuttoned over tanned, hairy shoulders. Johnny's type. He was getting a beer gut, and he was going bald.
